Capacity Market Code Workshop 30

Appendix A

Approved Modification Text Drafting

SEM-23-095

11 December 2023

Update Glossary as follows:

Capacity Aggregation Threshold

means the value determined by the Regulatory Authorities for a Capacity Auction as set out in D.~~32~~.1.3 which defines the maximum size of Candidate Unit which can be aggregated under E.7.6.1(i)(i). If no value is determined by the Regulatory Authorities for a Capacity Auction, it shall be set equal to the De Minimis Threshold.
